REDCLIFF, ALBERTA, FRIDAY, APRIL 23, 1915.

NUMBER 17

## REDCLIFF WINS FIRST LEAGUE SOCCER GAME

Mayor Bott Starts the Season With Record Kick-Uniteds Win Out With Five Goals to Nothing—Make Good Showing.

With a kick that would put all the kickers in town off the map and which made 22 footballers green with envy, Mayor Bott started the football season off with a win last Tuesday evening. The game was the first in the Medicine Hat-Redcliff league and was played between the Hat Nomads and Redcliff Uniteds. As the Medicine Hat team had a "walk over" for their play, the Nomads, the spectators were prepared to see a close game as they knew pretty well what the Uniteds could do. In this they were disappointed, possibly because they had the wrong interpretation on the "walk over" meaning. Well, the game was worse than that. The visitors were "run over" and the crowd at every stage of the game was shouting forward pass their opponents like a pay train passing a ramp and made them look like the team of the week. This was kept up all the way through until at the finish the Uniteds five goals to their credit while the visitors had never made connection with the goal net.

The game, however, on the whole was a much better one than the last. The score would indicate. Although a stiff wind was blowing, the home team gave some fine exhibitions of team play and time after time brought the ball down on their opponents goal with some nice combination work. The visitors showed some good passes and combination although they showed some samples of fairly good individual work.

It was a case of the best team won and the Uniteds keep on improving with practice they will be some team to reckon with before the season is over. The following was the lineup: Nomads—King, McDonald, Mull, Holland, Chaplin, McKinley, R. Mull, Holland, Shedd, E. McDonald, Burgess, Derrier, Partridge.

Uniteds—Gibbels, Bartlett, Fredrickson, Connell, Black, Lavelle, Arce, Watson, Kerr, Hodge, Mansell.

## Tennis Club Elect Officers for Season

The annual meeting of the Tennis Club was held in the office of the City Products Company last Monday evening. There was a fair turnout and after it was decided to continue the club this season, the following officers were elected:

Hon. Pres.—W. T. Lockwood.  
Hon. Vice-Pres.—L. H. Bryant.  
Pres.—B. E. Howard.  
Vice-Pres.—H. C. B. Gibson.  
Sec.—F. G. E. White.  
Executive Committee—R. K. Colter, O. M. Skipley, R. Percival, J. B. Baint and G. Routledge, together with the other officers.

The grounds are being put in shape at once and it is expected that they will be in shape for playing on early next week.

## Dog Poisoners Are Busy in Town

We are informed that at the present time and as a matter of fact for some time past, there are some people in town who have acquired the mean, cowardly and dangerous habit of poisoning dogs. During the past week two valuable dogs have been sent over the road by this route, and a number of cats have also partaken of the drugged bait. The man who would deliberately put out poisoned meat for a dog is no more than the meanest mongrel in town. A mongrel is not supposed to know any better but a man is. Besides being the meanest kind of a trick it is also very dangerous, as it is quite possible that children might get the dose meant for a dog. This is a criminal offense and we have no doubt that if the guilty parties can be found out they will be punished to the fullest extent of the law.

## Germans Admit Now They Cannot Win

Mrs. J. F. Jones, of this town, has just received a letter from her brother who has returned from a trip through Europe. He was in Germany at the outbreak of the war and of that occasion he says the Germans were very optimistic as to the ultimate outcome of the struggle. There was nothing to it but a great victory for the Kaiser and Germany was to rule the world. The people in Berlin, he says, thought they had nothing to do but march in to Berlin, then on to London. On his return trip a few weeks ago, however, things were quite different in Berlin. They are now a disappointed people and many of them freely admit they have no chance of victory.

## Redcliff Boy Writes From the Trenches

We are in receipt of the following note from Jack Jones, one of the Redcliff boys now in France fighting for his country.

Dear Sirs:—  
Just a few lines to let you and my friends know I am enjoying the best of health, and I trust that they are also.  
I am pleased that so many of the young men of Redcliff are enlisting to help fight the battles of the mother country. I have been talking to quite a few of the boys belonging to the Canadian regiments and I tell you they are in fine form and good spirits. Do you hear from any of my comrades who left Redcliff the same time as I did? I suppose all the boys who used to play in the Redcliff football team with me have enlisted by now. I am hoping to be back in Redcliff in time to play a few games just this season.

Remember me to all my inquiring friends.

Yours truly,  
JACK JONES.  
Address: 146 J. Jones, B. Co., 2nd Batt., Kings Own Yorkshire Light Infantry, B. E. T. 7228.

## Bachelors & Benedicts To Play Football

The big football match of the season will be played on Saturday when the married men of the town will cross lines to see which is the champion of the town. The teams have already been picked and among them are some of the "Jack Johnsons" of the district who have made a name for themselves in days gone by. There is no doubt it will be one of the most interesting as well as one of the most amusing games of the season and those who miss it will only be sorry.

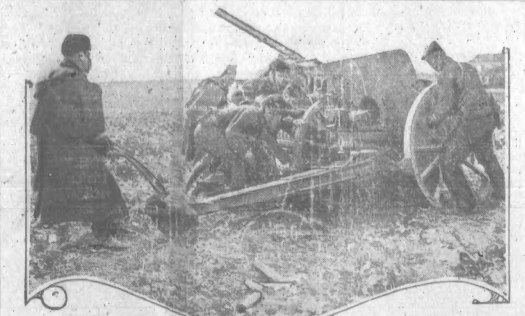

The teams will line up as follows:  
Marrieds—Broughton, Smith, Brayley, Oswald, Mull, Stone, Lewin, M. Lachlan, Kerr, Hodge, and Mansell.  
Single—Gibbels, Bartlett, Fredrickson, Connell, Black, Lavelle, Arce, Watson, Kerr, Hodge, and Mansell.

The game will be called at 6:45 and will be in the hands of the resolute referees, J. Bravely.

All that is necessary to see this brilliant exhibition of how the game should be played is that you have a silver collection. But if you haven't, the collection comes anyway. You'll be as welcome as the flowers in May.

## TO STUDY TRADE

Conrad F. Jung, a Canadian trade commissioner at Hamburg, Germany, who was detained there for six months, and recently was exchanged for a German representative in South Africa, leaves for Russia today to study trade conditions there on behalf of the Canadian government.

GETTING BIG GUN READY FOR DEADLY WORK ON THE BATTLEFIELD

## Local Oil Company Disposes of Leases

The Galt Island Oil Company, which was organized here last fall, holds some valuable leases in different parts of Alberta and this week they were offered some fancy prices for some of their holdings in the Sweet Grass and Calgary districts. Messrs. Lang, Woodcock and Garay left today for Calgary to represent the company in closing a deal for the transfer of some of these leases. We understand it is the intention of the Galt Island company to start drilling in the near future on some of their holdings in the vicinity of the Liberty well which is now drilling in this district. Those interested in the Liberty company are convinced, after careful investigation, they have the most likely spot in the province on the banks of the river at the edge of the town. When they are now drilling, drilling operations have been progressing most favorably with them during the past week and they are now down about a thousand feet.

## Shell Committee Pays Visit to Redcliff

Owing to the great demand for shell the Dominion government appointed a commission consisting of David Carnegie of Ottawa and L. W. O'Neill, of Montreal, to make a tour of the manufacturing centres of Canada to find out what operating plants could make these shells. These gentlemen are now in the west and paid Redcliff a visit Tuesday afternoon. They inspected all the industrial plants and also the coal mine. These gentlemen were greatly impressed with the way in which we put our natural gas and said that, if together with our unlimited supply of coal and raw material should make Redcliff one of the most industrial centres of western Canada.

At present none of the industries here have the necessary machinery for turning out the shells probably but two of them could do so by installing about \$10,000 worth of new machinery. Whether it would pay to do this would depend entirely on the price of the order they would secure. Nothing definite was done in this respect while the visitors were here but they will be heard from later in the matter.

## No Doubt in East That War Is On

E. G. Waller, who has been in the eastern cities both in Canada and the United States for the past few months, returned to Redcliff last Saturday. Mr. Waller has been looking into the motor truck business with government officials and has been successful in disposing of three from the factory here. He also expects to dispose of more as soon as they are required by the department. While he is also looking into the question of making munitions of war and his description of the work going on along this line is most interesting. As the Rev. Mr. Waller said that after a visit to any of the eastern Canadian cities one could have no doubt that a great and terrible war is in progress. This fact is being brought home very forcibly every day now as each casualty list issued by the military department contains names of a large number of Canadian young men. All the large cities, too, on many, are full of soldiers in uniform getting ready to go to the front when the call comes. They are the flower of the country and he never saw a line looking lot of men places where the hardships they must endure, it is then one fully realizes the terrible nature of the present struggle.

## Says Britain Will Be Stronger Than Ever

Mayor Bott is in receipt this week of a letter from W. E. G. Griffo, a Redcliff boy who is now in England training for aviation work in connection with the war. In his letter Mr. Griffo says he arrived safely, although on the way over they were told several times their ship would be sunk. After travelling over the country surrounding the home of his boyhood days and noting the contented, happy and peaceful attitude of his old time friends and relatives he was not determined then or ever to do his share in helping to prolong that happy state of affairs. He says that the people of the old land feel that "the day" has come for the Empire and that they will emerge from the present struggle as a greater, greater and better Empire than ever before, because of the united and wholehearted effort every corner of it is putting forth at the present time.

## AN EXPLANATION.

We experienced some trouble with first one part of our machinery then another this week and as a result the Review is a little late in getting to our readers. As accidents are bound to happen in the best regulated offices we trust our readers will overlook the delay on this occasion.

## CHURCH NOTICES.

**THE PRESBYTERIAN CHURCH.**  
"Covenant Relations" will be the subject of discourse at the forenoon service in the church, at 11 o'clock, on 23rd inst. In the evening the topic will be "The Good Samaritan." At 7:30 p. m. in the Epiphany. The subject for Wednesday evening service at 8 o'clock is "Let Your Yea be Yea, and Your Nay, Nay." On Thursday the Ladies' Aid Society meets at 2 p. m. in the church and the choir at 8. The Board of Managers will meet on Monday at 8 p. m. in the church.

## CHURCH OF ENGLAND.

Sunday next: Holy communion at 8 a. m.; matins at 11. Sunday school at 2:30. Evensong at 7:30. Monday: W. A. at 2:30 at Mrs. Harber's. Wednesday, the 28th, sale of work of the W. A. at the Overland Tea room on Third street. Friday, evening, Bazaar and entertainment for the war at 7:30 p. m. Choir practice at 8 p. m.

## BAPTIST CHURCH.

April 25th, the Rev. C. C. McLaren, superintendent of Baptist missions, will preach in the Hotel Hall at 11 a. m. and at 7:30 p. m. Sunday school from 12 to 1 o'clock. Superintendent McLaren is always worth listening to and your attendance at both services on Sunday will be worth while. Look out for Rev. W. M. Armstrong who will come in as pastor of the church on Sunday week, May 2nd. Keep this date open.

## UNION BIBLE CLASS.

The class meets on Sabbath afternoon at 3:30 in the Presbyterian church. Next Sunday its study is "David's Attempt on David's Life," 1 Samuel 19:1-12. The attendance is good, which shows that the meetings of the class are interesting and helpful.

## NOMINATION DAY SET FOR SCHOOL BOARD

Will Make Another Try To  
To Get Candidate In The  
Field-Nomination Day Set  
For May 3rd.

The regular meeting of the school board was held in the school last Monday evening. Chairman Broadfoot and Trustees Bryant, Barber, Riddell and Hayes were present.

A letter was read from the department of Education, Edmonton, drawing attention of the board to the date of their first payment on debentures issued for purchasing sites and building school houses. This payment is due on June 1st and the amount is \$750.00.

The secretary read to the board a notice and received from the returning officers to the effect that there was no candidate in the field for school trustee to fill the vacancy caused by the retirement of Mr. Broadfoot.

It was decided on motion of Trustee Bryant and Barber that another nomination day be set for Monday, May 3rd, and that if an election is necessary the same be held on Monday following.

Trustee Hayes introduced the question of securing a school site in the town of Redcliff. He inquired when property was cleared was there was no candidate in the field for school trustee to fill the vacancy caused by the retirement of Mr. Broadfoot.

Trustee Riddell said he did not think the bylaw as presented to and carried by the trustees allowed for this expenditure. He said he thought the selection of the site would be better if the school restoration be purchased and that there was not enough money voted as to allow for the purchase of the whole block as suggested by Mr. Hayes. If this amount of money were voted for site there would not be enough left to carry out the building as specified in the debenture bylaw. He also thought this proposed site was too close to the present central site. He said if the board intended purchasing a site in the town of Redcliff it would be better to purchase one a little further north and possibly a little more east, as in his opinion a school in that district would better serve the people.

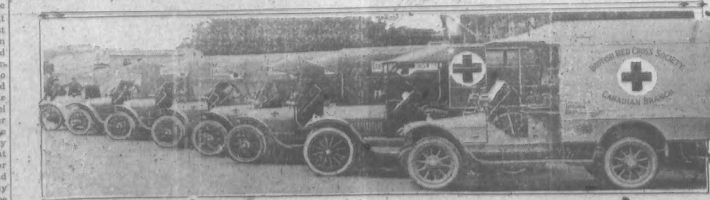

Trustee Barber said he had changed his mind in this respect and that although he was in favor of the purchase of this property last year, he was now. He thought the town was growing so fast that the school property might be used later on as a high school site.

Trustee Bryant thought it would be well to consider the opinion as expressed by Mr. Riddell before anything definite were done. He thought that if purchasing this block would interfere in any way with the meaning of the bylaw as submitted to the people for the building of schools the board should not be too hasty in proceeding along this line. The money should be used for the purpose for which it was loaned.

Chairman Broadfoot thought the matter should be left over for the next meeting and that the next meeting be appointed. As this would probably be last meeting as a trustee he did not feel justified in taking any stand in the matter. As a result the question was left in abeyance for the present. The board then adjourned.

## Naval Battle Reported In The North Sea

News came by wire to a Montreal banker yesterday to the effect that a naval battle was raging in the North Sea. The New York Herald has also received word to the effect that great events are afoot in the North Sea and a fierce contest may be waged there very shortly between the Allied navy and the fleet of Germany. The battle is caused by a number of significant things. The French fleet is reported from Copenhagen to have joined the British fleet in the North Sea waters. All commerce between Britain and Holland has stopped until further notice.

Part of Canadian Contribution to Red Cross Society

## General News Notes From Various Points

England is expecting another raid by German airplanes, following three attacks in rapid succession.

One of two Zeppelins Germany sent Austria, fell into the Adriatic while manoeuvring for food.

The city of San Francisco began Saturday a day of mourning for the anniversary of the fire which destroyed the city in 1906.

Harry Kendall Thaw was ordered back to the state hospital for the criminal insane at Matteawan by the appellate division of the New York supreme court.

Information received in Italy from Piume, the chief seaport of Hungary, is to the effect that a food shortage there is assuming serious proportions, especially the lack of bread.

The German cruiser Kron Prinz Wilhelm now occupies the same berth at Newport News shipyards in which the Prinz Luitpold Friedrich was moored during her 30 days stay.

All surplus officers in the Canadian contingents now in training in England are compelled to take a course of instruction in musketry, trenching work and other active preparations for war.

John Westlake, sentenced at the last spring assizes to two years in Stony Mountain penitentiary for complicity in the notorious Krafchevski bank breaking, has been released on parole, having served half his term.

An English naval officer who arrived in New York yesterday from Messina, on his way to the front, said that in spite of the many obstacles in the past, the Dardanelles would be forced before June 1.

A dispatch from Trieste, the Austrian province across the bay from Venice, Italy, states that the "dough" there has been exhausted, and that bakers have quit baking bread.

Russia will give her complete support to the realization of Italian ideals provided Italy intervenes at once on the side of the allies, according to a telegram from the Russian minister of foreign affairs, Sazonov, made public in Rome Saturday.

She London Daily Mail's Herne correspondent says he learns from reliable German sources that several new submarines will enter into the work of blockading England. He adds that new submarines are now being completed at the rate of two each week by Germany.

The board of five members, appointed under legislation passed at the last session of the Ontario legislature, will have control over licenses and has power to directly enforce the liquor law without referring its actions to the government.

With the London papers generally refraining from commenting on the British agitation to Chile for the sinking of the Dresden in her last territory, it is noteworthy that the leading provincial papers have featured it. The tone of the comment is that Sir Edward Grey acted right in making the speediest possible amends and apologizing without waiting for further information.

Admiral Howard, commanding the Pacific fleet off the west coast of Mexico, reported to the navy department, Saturday, that he had ordered Commander Noble R. Irwin, on the cruiser New Orleans, to proceed at once to Turtle Bay, Lower California, on account of activities of Japanese navy forces.

Three hundred German prisoners of war arrived at St. John, N. B., from Bermuda, Saturday, and were sent to a detention camp at Amherst, N. B. They included many sailors from the cruiser Dresden, sunk in the South Pacific, and warships destroyed in the naval fight off the Falkland Islands.

From such scattering reports as are permitted from the eastern front it is becoming gradually apparent that the greatest battle of the war, at least so far as concerns the number of men engaged—is being fought in the Carpathians along the 115 mile front from Birtly, in Eastern Galicia, Hungary, to Star, in Eastern Galicia.

The next few weeks must see the greatest battle in the world's history, the numbers in arms against one another totalling five million men, extending along to eight hundred miles as the crow flies, but actually over a thousand miles.

An appointment may be anticipated very shortly to the position of commissioner to supervise the army purchases in Canada. Sir Herbert Holt, president of the Royal Bank of Canada, and Chas. A. McGrath, chairman of the International waterway commission and at one time minister for this constituency in the Federal house, are mentioned in connection with the position.

W. W. Butler, senior vice president of the Canadian Car & Foundry Company, has arrived back in London from Petrograd, after having succeeded in securing an order from Russian artillery department for two and a half millions each of shrapnel and explosive shells, worth \$700,000.

The bill extending the franchise to soldiers, which was assented by the royal highness Friday, will be sent at once to the British government for its consideration. There is no likelihood of the Imperial authorities disallowing an act passed by the Dominion parliament.

Frank Albano and Carmine Carbone, anarchists, who made and set a bomb in St. Patrick's cathedral, March 21, when hundreds were worshipping, are within the edifice, were sentenced to serve not less than six years nor more than twelve in Sing Sing prison.

A regiment of French women is being formed in Paris, under the supervision of the widow of an officer, Madame Arnaud. The queen of the Belgians is to be asked to accept the honorary presidency of the regiment.

W. D. Hogg, K. C., and M. G. O'Connor, K. C., of Ottawa, have been appointed by the department of justice as special counsel to examine the evidence given before the committee of public accounts, and to determine in what cases prosecution should be instituted.

Sir Adam Beck left London, Ont., last Wednesday for France on an important mission in connection with the operation of the British front. He will be acting for the Dominion militia departments, but refused to disclose the exact nature of his duties.

It is said in Vatican circles that the visit made to the pope a few days ago by Prince von Buelow, the German ambassador who was bid farewell to the pontiff as the diplomat believes his departure from Rome is imminent.

## Wheat Supply of the Prairie Provinces

The bulk of the supplies of Canadian wheat for export are drawn each year from the wheat fields of the prairie provinces. The total supply may be computed by a study of the carriages of the railways. During the crop year 1913-14, the Canadian Northern alone handled from the territory served by its western lines, 47,285,000 bushels. Estimating the increase this year at 20 per cent, the C. N. R. should haul out approximately 56,750,000 bushels of wheat from the provinces lying between the Great lakes and the Rocky Mountains. That quantity of wheat, converted successfully into flour, and into standard loaves of bread, would feed Greater London with its estimated population of 7,252,263, for more than four and a half years.

According to the millers, a barrel of flour, 196 pounds, is made from 4½ bushels of wheat, and, according to the bakers, 187 standard loaves of 24 ounces each, are made from one barrel of flour. The anticipated carriages on the Canadian Northern this season, then, represent 12,215,111 barrels and 2,555,277,757 loaves of bread. If this were divided in London, each individual in the Imperial City would receive 355 loaves. If you divide the population of the capital into families of three, each family would be provided with 115 loaves. Allowing a liberal supply of loaves a week to each family would extend the foodstuffs over 24½ weeks, or more than four and a half years.

There is no need to carry the illustration further. So long as Britain holds command of the seas, the available supply of foodstuffs from Canada alone should suffice to overcome the handicap her critics maintain she imposed upon herself by producing but a quarter of the wheat she annually consumes.

PREPARE FOR PERCE  
IN TIME OF WAR.  
Sir George Perce and Michael Held, agent general for Ontario, represented Canada at an informal conference called by Earl Grey, to consider what should be done for the ex-soldiers after the war. Earl Grey is particularly anxious to secure the interest for over ten millions in this question, as he has a strong feeling that thousands of young men hitherto accustomed to office work will never

find this work congenial after the active life now being experienced.

## CANADIANS DESERVING OF THE HIGHEST PRAISE.

The Canadians may have been full of boyish spirit when they landed in England, but they have been men in the trenches, and a staff officer of the British army, commenting on the report that the Canadians have been lacking in discipline. "They've buckled down like English soldiers should, and their conduct has been not only without reproach, but deserving the highest praise."

This is the first official statement of a staff officer in the field relative to a much-discussed question.

**Farm and factory hand in hard, town and country standing together for increased production, the prosperity of Canada and welfare of the Empire.**

## CANADIANS FOREIGN BUYERS

Canadians buy more goods outside their own country than the citizens of any other important nation in the world. Here is the average amount which each citizen of the following countries bought abroad in 1913, the latest year for which comparative statistics are available.

Canada	.....	\$70.24
Great Britain	.....	51.55
Argentina	.....	47.39
France	.....	39.30
Germany	.....	35.17
United States	.....	15.43
Austria	.....	12.61
Russia	.....	1.45

It seems incredible that every Canadian annually spends \$70.24 for foreign goods while Russians only spend \$1.45 each abroad. Canadians must cut down their foreign purchases and buy more goods produced in their own country to face national bankruptcy—Industrial Canada.

**Keep Canadian Money at home where you can share in the good business it will create. Buy goods "Made-in-Canada."**

## BRITISH SINK TURKISH TORPEDO BOAT IN AEGEAN.

The Britishers working in the Aegean sea, sank a Turkish torpedo boat yesterday morning. The torpedo boat attacked the British transport "Maitland" carrying troops and fired three torpedoes which, however, went wide of the mark. In the chase which followed the Turkish ship ran ashore and the British destroyed it. The crew were made prisoners. It is reported that 100 men of the transport were drowned.

The Canadian division now in the fighting line is regarded in England as the equal of any British division under command of General French.

## WHY BUY AT HOME?

The following reasons for purchasing at home were featured in a campaign recently put on by Peterborough retailers and manufacturers to encourage Peterborough citizens to buy in their own town. What Peterborough has done can be followed to good advantage by practically every town and city in Canada.

Because our interests are here.  
Because the community that is good enough for us to live in is good enough for us to buy in.

Because we want to get what we buy when we pay for it.

Because some part of every dollar we spent at home stays at home, and helps work for the welfare of our home town.

Because the home man we buy from stands back of the goods, thus always giving value received.

Because the man we buy from pays his share of the taxes.

Because the man we buy from helps to support our poor and needy, our schools, our churches, and our homes.

Because where luck, misfortune or bereavement comes, the man we buy from is here with his kindly co-operation of greeting, his words of cheer, and, if need be, his pocketbook.

Let us make Peterborough a good place in which to work and live.
